She Created Excitement.

Considerable excitement was caused on Chapline street, opposite the city building, about 8:30 o'clock last night, and a woman's piercing screams crowded a throng among the curious and their constables, who seemed murder in the air. The woman was Miss Lizzie Davis, of the North End, whose conduct necessitated her being locked up, pending examination as to her sanity. Officer Trautwine induced her to ride in the patrol as far as the city building, but as soon as she attempted to take her into Squire Rogers' office she vigorously resisted, and as vigorously screamed. The officer succeeded in getting her in the room after a desperate struggle, and had another struggle to get her to the county jail.

TWO ARE DEAD

As the Result of a Terrible Accident at Mc Mechen.

MRS. WACKER AND HER SON

THE VICTIMS OF AN EXPLOSION OF CARBON OIL IN THEIR KITCHEN STOVE—COOLNESS AND BRAVERY EXHIBITED BY JOSEPH CARPENTER IN TAKING THE VICTIMS FROM THE HOUSE AFTER THE EXPLOSION—DETAILS OF THE TRAGEDY.

A mother and her 4-year-old child were the victims of a sad fatality at Mc Mechen yesterday morning. Mrs. George Wacker, and her son, George Jr., were burned by the explosion of carbon oil in their kitchen stove. The mother lingered until 2:30 o'clock yesterday afternoon and death eased the pain of the little fellow last night at 7 o'clock.

Mrs. Wacker was attempting to build a fire with carbon oil, yesterday morning about 7:30 o'clock, and the sudden explosion caused her dress to immediately ignite. In an instant her clothes were a mass of flames, and the terrified woman ran shrieking in agony out to the street. Joseph Carpenter, a barber, living across the street with rare coolness, snatched a quilt with which he enveloped Mrs. Wacker, and his efforts extinguished the flames. His assistance, prompt as it was, proved, however, to have been too late. The injured woman was carried into the home of E. W. Comer, where she was attended by Drs. Dowler and Smith. She passed away at the hour noted.

But the fire had been far reaching in its effects. Following the explosion the flames soon enveloped the room and later the entire house. In the meantime the clothing of little George Wacker, who followed his mother out into the street, like his mother he was badly burned nearly all over his body, and though comparatively a lesser sufferer than his mother, his injuries were fatal. It was thought he would recover at first, but his end came at 7 o'clock.

The fire gained strong headway in the Wacker home and threatened to burn the Church of God building near by. Citizens of the town with buckets of water did heroic work, and were greatly aided by a Baltimore & Ohio engine which hurried to the scene with its water tank and a force of men. The church building was saved, but the Wacker house with its contents was entirely destroyed.

The sad affair cast a deep gloom over the community, and sympathy for the bereaved relatives of the victims is general.

SUNDAY'S FINE PROGRAMME

Quarrelling Neighbors Fined.

A "Paper mill" alley disagreement was aired in Squire Hubbard's court yesterday and it arose from a quarrel between children, followed by interference of their parents. At the instance of H. H. Bonhard, George Bennett was fined \$5 and costs for assaulting his child, Bessie, who in turn was fined \$5 and costs for assaulting George Bennett. A peace warrant for Mrs. Rebecca Bernhard was dismissed.

La Belle's Second Flag.

There will be another flag raising at the La Belle to-day, the flag which should have arrived at the time the one was put on the tin mill, having been received this week. This one will be raised over the company's office at 2 o'clock this afternoon. A brass band will be on hand, as well as some "speechifying."

NEW PLATE MILL.

An addition to the Belmont mill will shortly be added. It will be a skelp mill and fitted out largely with the machinery formerly used at the Belmont mill, the Wheeling Steel and Iron Company, having purchased a large section of an Ohio plant. The ground for the new mill is now being cleared.

SICKNESS TO HEALTH. What Paine's Celery Compound Is Doing for Hosts of Women.

It speaks volumes for Paine's celery compound that of all the many women who have recovered health by its means very many were induced to take it through the persuasion of other women—sisters, mothers, or friends.

When a sick or feeble sufferer is seen to gain steadily in health and vigor from taking Paine's celery compound no room for doubt is left to the most stubborn-minded person. This joyous transformation from sickness to health is going on in thousands of homes this spring.

Here is the experience—like that of hundreds of others—of Mrs. R. H. Studts:

135 N St., Washington, D. C. Wells, Richardson & Co.: Gentlemen—Paine's celery compound was recommended to my husband by his father, who told him to have me try it, for with other remedies I did not seem to be getting better. I was suffering from nervousness, and my baby seemed to nurse it from me, as she did not sleep more than fifteen to twenty minutes at any time. I also suffered from indigestion and very torpid liver. I find that Paine's celery compound not only comes up to what you say, but that it is, without doubt, the best tonic and remedy for women. I do not think it can be recommended too highly.

Respectfully yours, Mrs. R. H. Studts.

Mrs. Lydia M. Hayden, of Marion, Ind., writes:

"Before commencing the use of Paine's celery compound I was treated by many doctors and tried many remedies, but did not get any better. I seemed to be all broken down. I was tired all the time and my constitution seemed to be giving out. I weighed only 115 pounds last fall when I commenced using Paine's celery compound. In less than two months I weighed 134 pounds, an unusual weight for me. I have had better health ever since and have felt better this summer than I have for years. My little daughter was away from home on a visit, and came home looking as if she had had a hard sickness. I went right away and got her a bottle of Paine's celery compound, and she has had better health since than she ever had in her life, eats hearty and is growing fast."

No woman in any way out of health can be in justice to herself and her family to take Paine's celery compound when its power in restoring health is so abundantly proven.

When You Are Shopping

Let us show you our array of 10 Suits. They're the product of experience. To quote an old saying, "There's plenty of room at the top," but it is because there are so few to occupy it. No house unless it has plenty of ready cash and a large outlet can sell such suits for \$10. They cost them that money. The kind we used to sell at \$15 are our \$10 ones now. That's what perseverance, ready cash and a large outlet has done—cheapened satisfaction—made the good better—every suit in the lot is a living witness to it. Talk about variety—let 'em all test their horns even if they haven't a fish to sell—every blast helps us—gets folks to thinking—gets 'em to looking—and when you come to see their stock and cure—their handful of \$10 suits and our tablefuls—as many at \$10 as others have got at every price—the hunt's over—and just as perfectly as the highest price in stock. Unless you are satisfied to keep the suit we don't want to keep the money.
